## **Green Mountain Builders Completes Substantial Bonita Bay Remodel**

Green Mountain Builders has just announced the completion of a substantial remodel in the award-winning community of Bonita Bay, in Bonita Springs, Florida. The transitional-inspired makeover consists of a completely transformed kitchen, main living area, dining room, master bedroom, bathrooms and outdoor living space.

The home, originally constructed in the late 1990s, is located in The Sanctuary, a distinctive cluster of luxury homes in Bonita Bay. The neighborhood borders a lovely lake and pristine nature preserve. Many estate homes within Bonita Bay that have now aged twenty-five years are going through the remodeling and makeover process that updates both indoor and outdoor spaces that typically open up interior spaces, require new and updated kitchens, living and dining spaces, plus bedrooms, bathrooms and various other interior upgrades and improvements.

Tony Persichilli, owner of Green Mountain Builders, a licensed building contractor and currently celebrating thirty years building in Southwest Florida, formed a group of highly qualified experts to design and build this lovely makeover. "We brought in the most creative professionals in their respective fields to work together as a team and create a very special home for the clients. Our goal was to meet the homeowner's current lifestyle and needs," states Persichilli.

The kitchen and main living area were completely redesigned. Taking down walls opened up the floorplan to allow for a free-flowing area that is bright, spacious and offers spectacular views. The kitchen was reconfigured, adding an expansive island, complete with a gorgeous quartz countertop, ample seating and an abundance of storage. The remodeled kitchen also includes LED lighting and custom cabinetry with glass front uppers and custom panels covering the refrigerator. All new top-of-the-line appliances, features and fixtures were installed giving this transitional remodel a clean, geometric flair.

"Green Mountain Builders just completed a first-floor renovation in our home in Bonita Bay. This included the entire kitchen, dining room, living room, master bedroom and bathrooms. The initial proposal was very professional. It was easy to understand what the cost would be for the entire project. The proposal was presented by Tony Persichilli, President of Green Mountain. The project was completed on time and was well supervised. We could not be happier with the

completed project and the quality of work. Thanks, Green Mountain for a job well done.” - Tim Blanchet and Joanna Giampoli

The transition from the indoor living area to the outdoor living area is impeccable. With the use of color, texture and shape, the ultra-smooth transition expands the living area that the owners will enjoy for years to come. The focal point of the outdoor space is the magnificent screen enclosure view window offering expansive vistas. Relishing a thirty-five-foot pictorial view of a breathtaking Southwest Florida sunset from indoors and outdoors is a special treat for the homeowners. New flooring, windows, doors and new paint round out this lovely luxury home’s makeover.

Amenities of living within The Sanctuary at Bonita Bay include the community parks, a full-service marina and dining options right on-site. Other amenities include a number of tennis courts, five golf courses, fitness trails and a playground. In addition, there is a private beach club, kayak and canoe launch area plus a picnic area. Bonita Bay is a renowned award-winning active lifestyle community designed with the highest quality standards, embracing the unspoiled natural beauty of Southwest Florida. Created in the 1980s, the award-winning community was designed to blend with its natural surroundings, in harmony with the unspoiled ecosystem of 2,400 acres.

A Southwest Florida custom home building and remodeling company, Green Mountain Builders’ president, Tony Persichilli, has a long and respected history of creating quality in Naples, Bonita Springs, Estero and Ft. Myers for over three decades. All Green Mountain Builders’ projects, whether new construction or a luxurious remodel like this Bonita Bay home, are built with the utmost attention to detail behind the walls and in every space within the walls. What homeowners don’t see is as important as what they see every day. Every home built or remodeled by Green Mountain Builders offers superb value, along with top-rated features and finishes

“We were also blessed to have wonderful clients, who participated in the design and details, and were always open to exciting and creative ideas from our team. Having clients like Tim and Joanna who were a real joy is what makes what we do even more gratifying,” adds Persichilli.

Green Mountain Builders takes great pride in their work and understands that the foundation of every success comes from helping their clients realize their vision. The mission is to collaborate with clients to develop a unique, high-quality home that exceeds their expectations and surpasses industry standards. Their goal is to provide exceptional service and lasting value while enhancing customer experience.

“Our client-focus and quality-oriented approach ensures each homeowner feels comfortable, cared for and that their needs and expectations throughout the process are met. We take a consultative role to help customers realize the best version of their homes’ potential, while paying keen attention to their desires and needs. We take great pride in delivering professional, timely and flawless services at an exceptional value,” states Mr. Persichilli.

Green Mountain Builders’ remodeling division specializes in whole-home makeovers, bathroom and kitchen remodeling, outdoor living renovations and room additions. Remodeling skill and experience is key to recreating a home to fit the current needs of a homeowner’s evolved lifestyle.
